_ chrono38 / chrono44

CHRONO38/44 nasce dall'esigenza di coniugare gli ingombri dei lavabi a profondità ridotta alla funzionalità ed ergonomia nell'utilizzo degli stessi. La particolarità dei tops integrati specificatamente dedicati a questa variante modello, permette infatti di usufruire di un ampio lavabo e di poter scegliere tra diverse possibilità di posizionamento del rubinetto.

Il taglio 45° dei frontali si accoppia ai bordi dei tops, che presentano la medesima inclinazione, sottolineando la pulizia delle linee che caratterizza questo modello.

The collection Chrono38/44 is born to combine the dimensions of basins with reduced depth to the functionality and ergonomics of the same. The particularity of the integrated tops dedicated to this model, gives the possibility to use a large basin and to choose between different solutions to arrange the faucets. The fronts cut at 45° matching with the edges of the tops, which have the same incline, underlines the elegance that characterize the model.
